Holomorphic Dynamical Systems : Lectures given at the C.I ... - In these lectures we will discuss several applications of holomorphic curves to symplectic topology. In particular, we will develop and apply tools from Hamiltonian Floer theory which couples the theory of holomorphic curves to techniques from

Morse theory. Hamiltonian dynamical systems, in particular their periodic orbits, Applications of holomorphic curves to symplectic topology ... - The study of a holomorphic dynamical system consists in describing the asymptotic behavior of the system, associating it with some invariant objects (easy to compute) which describe the dynamics and classify the possible holomorphic dynamical systems supported by a given manifold.
